Mother Nature vs. Cornwall Karter's

Tuesday, August 18, 2009

It was hot on and off track for Cornwall Karting Club Tuesday night as they took to the track after last weeks rain out. And with double features it made for one great night of racing entertainment. And with only a couple weeks left in the 2009 season each and every team were on top of the game fighting for points to have a chance at the 2009 Championship's. But unfortunately Mother Nature had other plans and creped up and grabbed a Checkered flag forcing Officials to call the rest of the night's events. But not until the features from Aug 4 had been in the books and well into this weeks heat's.

The feature's from august 4th had to be some of the best yet seen in 2009 with 2 and 3 wide racing in almost every class. In Box Stock it was a 2 feature evening with the 7j of Jacob Routhier and the 15 of Zachery Renaud taking a checkered in each of their features. In Jr Sportsman it was the 4 of Dominic Point who held off the field for the victory. And in Jr Sportsman One the 51 of Tyler Ezard who by making some great moves through out the entire race saw himself into victory lane.

Jr Restricted yet another two feature event the 6 of Natasha Lebrun managed to put herself in the right position to grab herself a feature event. And the 2 of Jenna David who to seen herself in some tight corners and three wide racing and held off for a victory.

With a three feature of the Jr Sportsman Two we seen the 151 of young Bailey McDonald in victory lane once again in 2009. As well as the 4 of Jasmine David and the 11 of Dylan Tinkler getting themselves each a win.

Stock class was one super fast feature with close fast and safe racing with the 59 of Matheiu Boisvert showing what he is made of taking himself another feature trophy home.

Join us this Sunday August 23 when it's the return of the mighty Big Block modified take on Cornwall Speedway along with the Speedsters and a regular program.

And on the Kart track next Tuesday August 23 it will be the rest of the heats from this week and double feature events in all class's with green flag dropping at 7:15 and \$4.00 at the gate with 4 and under free.
