

## **Karting Club Beats Mother Nature\***

Tuesday, June 17, 2008\*\*

Its was another great night of Kart racing for the Cornwall Karting Club in spite of Mother Nature's rain in the morning and short Shower during Features.. Track Officials kept close eye on track conditions all day to make sure of a safe nights event.

Cool Temperatures did not hinder the excitement of the night's event sponsored by The modified Team of Perry Francis "Bones Racing". Each team had to makes some changes to set ups as track was tacky and cool from the day's weather.

Heat action was fast and furious as teams get ready for the first night of points coming up in the next couple weeks. But the excitement was in feature action this week with some great three wide racing in the corners of the 1/8 mile bank clay oval. In the Box Stock the 4D of Dominic Point takes yet another feature win this season and in the victory circle Dominic does his famous victory dance for his fans . In Rookie 2 action this week the 7B of young Branden Robertson shows his talent taking another win. Jr Sportsman one was fast and with many lead changes the 67 of Miles Delormier takes the lead mid way and never looks back holding off the pack for his feature win of the evening. The 22 of Cedric Gavereau wins his feature in the Rookie one class.

Jr Sportsman two the 77 of Dallas Delormier fights his way through traffic for a great feature win this week. In Jr Sportsman two the 115jb of Jacob Blais shows us his talent in his road to victory lane.

In a caution filled and exciting Jr Restricted Feature event the 1 of Justin Lalancette makes his way to the winners circle but not with out some real close calls on the track as every driver seemed to have the race machine's dialed in. And in the Stock class this week the 55 of Elli Thompson see's his way to a all familiar spot in victory lane once again.

Don't forget to join us next week Tuesday June 24 when the points begin with Coffrage 20/20 as the sponsor of the Nights event's with green flag dropping at 7:15.

And this Sunday on the big track is a night you wont want to miss as it's \*The Triple Crown of Cornwall Motor Speedway\* As FIRST AMERICANS IGA PRESENT  
The World of Outlaws Late Model and the Empire Super Sprints PLUS  
A FULL FIELD OF 358 MODIFIEDS  
ALL PACKED IN ONE NIGHT
