

Kart Racing Catching On in Seaway Valley

Tuesday, July 29, 2008

It was another full house Tuesday night at the Cornwall Karting club at the Cornwall Motor Speedway. The Sport of Kart racing on dirt is catching on in the Seaway Valley; Karts have doubled since karting Club Opened a couple years ago. This season has been one of the best so far getting more Race Teams as well as fans each week. Teams from Gatineau, Brockville and many other places in the area.

Tuesdays Track was super fast once again this week with rain on Monday and cloudy Skies during the day Tuesday made for excellent conditions for a great night of racing action.

In hot laps it was easy to see that some teams had the right set up while other teams did not. Hot laps are ran every race night so that each team can make the right adjustments to the race machines in order to be competitive. It the small things that make up a great event each week, everything from the guys who pack and water the track during the week to the great girls in the canteen who are devoted to giving the best service that can be given. Right down to the maintenance crew who clean up and make the grounds clean and enjoyable to be in. Al of these people are just as important as the other as well as the official who make for a safe and enjoyable event to be had by all.

In feature action it was some of the best racing this season, three wide in the corners in just about every class. Clean fast action in every feature event.

In Box Stock It was the 4D of Dominic Point who did his victory dance in the winners circle as the fans cheered him on. Rookie 1 the 24 of Justin Locke took this week as he managed to hold off some hungry drivers in the last few laps of that feature race. Rookie 2 the 28 of Marc Alexandre Metivier taking his first feature win on the super fast 1/8-mile banked oval.

In Jr Sportsman the 15B of Brianna Ladeceaur gets herself another feature win. The Jr Sportsman 2 had 2 features this week and the Delormier family cleaned up on the both features with the 67 of Myles taking the first event and the 77 of Dallas taking the second.

Jr Restricted it was into 3 feature events again this week with the 4 of Jenna David making some great moves to get herself a checkered flag in feature number one and in feature number 2 it was the 1 of Justin Lalancette grabbing the win, the 3rd feature was won by the 10 of Shelby Ladeceaur

In Stock action this week it was a super fast time of 8.09 seconds and some great move's that gave the 15x of Shane Pecore his victory.

This week was the ladies race which is always a crowd pleaser and was taken by the 15x Kart driven by Daniel Tessier who in her first kart race ever made some amazing moves in the last couple laps to over take the lead machine the 51 driven by Sue Sauv .

Be sure to join us next week when its, Pro Stock Driver Stephane Lebrun # 6 sponsoring the nights action with green dropping at 7:15.

And this Sunday on the big track don't miss the Lucas Oil 100 Lap Modified event with Pro Stocks,Semi Pros and Rookies also on the card for the evening with time trials at 6:30.
