

Final Points Night For Cornwall Kart Club

Tuesday August 26,2008

It was high tension and great racing on the final night of points for 2008. And with close points in all class's going into Tuesday nights event teams where all fired up for what was to be one of the best nights of Kart racing this entire season.

With 30 or less points separating the top two in each class teams where on top of their game checking track conditions before heats and before feature events keeping an eye on how the track was changing as the night went on. You could see between events that teams were taking extra care on the set up from the tires down to how much fuel was put in trying to get as much edge on other teams as they could.

In feature action this week it was the best racing's scene yet this season. Every driver in every class was hungry for as many points as possible being the last points night of 2008. Which made for some great 3 wide racing and many exciting moments over the course of the evening. Box Stock Class the 4 of Dominic Point had to give it everything he had to keep the lead from the fast charging Tyler Ezard in his 51 machine but Point was just a bit faster and came out on top.

Rookie One Class it was the 4k of Gabrriel Guevremont grabs his first feature win of the season.

Rookie Two Class there was two features this week with the first one going to the 48 of Simon Boisvert but not without some hard work and a spectacular crash on the checkered flag lap rolling his kart on the front stretch but not without getting the win first. After a brief Stay in the St Johns Ambulance just to make sure everything was ok Simon came out smiling to get his Feature Trophy. In the second feature it was the 12 of Sean Winters who proved he was on top of his game taking the checkered and putting himself in victory lane.

Jr. Sportsman Class was an exciting feature to watch as the 15B of Brianna Ladouceur took an early lead and never looked back grabbing herself a feature win.

Jr Sportsman Two was another two feature event and in the first feature it was the 151 of Bailey McDonald after spinning out early on she came from the back like wild fire taking the first feature win. And joined by her father Modified Driver Brian McDonald who drives the 151 Modified on Sunday's on the big track in victory lane.

In the second feature it was the 27 of Myles Delormier grabbing the checker's again this week.

Jr Restricted another two feature class the 10 of Shelbie Ladouceur coming out victories again this week. And the second Feature going to The 88 of Dylan Kirkland but not without some close moments in the latter part of the event.

Stock class the 15X of Shane Pecore showed his talent by taking an early lead and holding of the hungry pack behind him giving himself another win under his belt for 2008.

The final points tally was not available at Press time.

Join us this Sunday when its the Jiffy 100 on the Big track with a 100 lap Modified Feature as well as a 50 lap Pro Stock Event with Semi Pros and Rookie Stock on the card as well.
