

**Mother Nature forces Cornwall Motor Speedway to cancel July 12<sup>th</sup> program, the Akwesasne Mohawk Casino International 100 will be postponed to a later date**

Cornwall, Ont – Sunday, July 12, 2009 – Martin Bélanger – The big boys were in town as the Super DIRTcar Big Block tour made a stop to the Cornwall Motor Speedway for the Akwesasne Mohawk Casino International 100. The best big block drivers were in the pits to compete for 100 laps of racing action. A complete racing program of Pro-Stocks, Semi-Pro and Mini-Stock was also on the card for this night sponsored by Awkesasne Mohawk Casino.

Mother Nature had other plans as a storm hit the track during the second modified heat race. The rain made track too slippery and forced the Cornwall Speedway to cancel tonight's program.

The program will be postponed to a later date. It will be decided in the next few days because they need to verify the different options. Please keep your tickets, as they will be good for the delayed show.

Another great show is on the schedule for next week, as the Patriot Sprint Group will make their first of the history in Cornwall. The spectacular sprint car uses 360 cubic inch engine and will be wicked fast on the quarter mile. The Modified, Pro-Stock and Semi-Pro will also be in action on Cornwall Truck Centre Night.

We invite you to visit the speedway's web site at [www.cornwallspeedway.com](http://www.cornwallspeedway.com) to have the latest news of tonight's program.
